Jiwon Yang

Ph.D. Student in Economics | University of California, Irvine
Email: jiwony12@uci.edu | LinkedIn | GitHub

RESEARCH INTERESTS

International Trade, Behavioral Macroeconomics, Uncertainty, Global Value Chains, Resilience

- How does uncertainty reshape global value chains and affect firms, industries, and countries differently?
- To what extent are firms' adjustments under uncertainty persistent or reversible in the long run?
- How do firms' responses to uncertainty translate into aggregate productivity, resilience, and welfare?

EDUCATION

Ph.D. in Economics — 2026 – present
University of California, Irvine — *Irvine, CA, USA*

Master of Statistics — 2023 – 2026
Korea University — *Seoul, Korea*
Thesis: "A Study on Forecasting South Korea's Exports using Machine Learning and Time Series Analysis"

B.A. in Economics & Psychology — 2016 – 2021
Seoul National University — *Seoul, Korea*
Graduated *Summa Cum Laude*

Exchange Student — Fall 2018
Simon Fraser University — *Vancouver, Canada*

WORK EXPERIENCE

Korea International Trade Association, Institute for International Trade — *Seoul, Korea*
Senior Researcher, Analysis & Forecasting Department — Jan 2025 – present
Researcher — Jan 2021 – Dec 2024

- Conducted empirical research on trade structure, economic fragmentation and global value chains
- Analyzed impacts of trade policy and external shocks, including tariff and exchange rate fluctuations
- Developed machine learning-based export forecasting models to improve predictive accuracy

ACADEMIC & POLICY ENGAGEMENT

[Advisor] *Policy Value-Up* project by MOTIE, with 2030 Youth Advisory Group 2025

- Co-authored policy report *Korea's Exports at a Turning Point: Seeking Growth Paths in the Global South*
- On-site interviews with export-oriented manufacturing firms to collect field insights

[Participant] Government-led expert roundtables on trade policy organized by MOTIE, OGPC 2023 – 2025

- Provided insights on U.S. tariff impacts and strategies to attract Asian regional headquarters of MNEs (MOTIE)
- Discussed strategies to promote foreign direct investment and attract foreign talent (OGPC)

[Chief Editor] *Economic Review*, Student Macroeconomics Society at Seoul National University 2019 – 2020

- Published 2 magazines and led 4 seminars, focusing on topics including deglobalization

PRESENTATIONS & MEDIA

[Interviewee] Media interviews (e.g., KBS, MBC, Chosun Ilbo, JoongAng Ilbo, and radios) 2021 – 2025

- Expert Interview on KBS's KLAB YouTube channel regarding Korea's 2025 trade performance
- Commentary on U.S. tariff impacts, exchange rate fluctuations, and export business sentiment (EBSI)

[Presenter] Brown Bag Seminars on empirical modeling, *Korea International Trade Association* 2022 – 2025

- Presentations on World Input–Output analysis (WIO), machine-learning, and trade structure analysis

[Presenter] Invited talks for high school students on restructuring of global trade system 2022 – 2025

- 4 lectures on topics including U.S. tariff policies and global service trade

[Speaker] Talk on *The Global South in an Era of Economic Fragmentation,* SERICEO 2024

- Recorded lecture to over 15,000 CEOs through online platform

HONORS & AWARDS

Commendation Award, *Deputy Prime Minister & Minister of Economy and Finance*. Dec 2025

- Awarded for contributions including U.S. tariff impacts analyses & global value chain research using WIO
